

## RESTRICTED TRAVEL QUESTIONNAIRE

Cuba, Iran, North Korea, Russia, Syria and Regions of Ukraine

The UCSB Traveler needs to please complete this form and email it to [exportcontrol@research.ucsb.edu](mailto:exportcontrol@research.ucsb.edu) for review and to determine if a license is required for travel.

Unique risks are associated with international collaborations or research activities involving sanctioned countries. UCSB must review these research activities and determine whether government permission is needed to engage in research activities and associated financial transactions. A failure to comply with U.S. laws can result in severe penalties to both the individual researcher(s) and UCSB.
